

HOLISTIC HOMEBIRTH

IMMERSIVE MIDWIFERY CARE

FINANCIALS

Birth Fee - \$5,500

-

Firstly, this fee secures my 24/7 on-call support for the duration of our professional relationship.

-

I am able to provide consultations in the warmth and privacy of your own home.

It allows me to work with an exclusive number of women each month, all but guaranteeing my attendance at your birth.

I am beside you every step of the way, even if hours tick over into days.

I ensure that a second midwife is present for the birth of your baby, so that we are able to hold space for each of the newly born (mother and baby).

-

All consumables and any medications utilised at the birth are also included in this package.

-

Should you wish a birth pool to be available for your use, this is also included.

-

Any and all travel I do has also been factored into the costing.

-

But most of all, this is an investment in yourself and your baby.

Continuity of midwifery care, and planning to birth at home have been demonstrated time and time again to lead to the best of outcomes for mothers, babies and their families and I congratulate you for considering this model of care.

FINANCIALS

On Booking - \$2750

This secures your place as a client.

As I work closely with an exclusive number of women, this non-refundable booking fee establishes a commitment between us, and allows me to begin exploring the 6 Tenets of Care with you. We journey deeply into your life's history and beliefs and ideas around birth and sit in this exciting place of welcoming someone new into your life! The booking fees also encourages you to begin taking radical responsibility and this investment is a manifestation of that.

-

28 Weeks - \$1375

You are now getting closer to meeting your baby! By now, we are walking in partnership through your unique pregnancy journey. We have expanded into trusting each other and you are leaning into the rich wisdom your body has to offer. Your baby is making their presence known and we are harnessing your intuition to develop a blueprint of your labour and birth. The 6 Tenets of Care are resonating and we are strengthening our commitment to them.

-

36 Weeks - \$1375

It is in this period of beginning to nest and rest that you lay down the final portion of your financial commitment. You are fully embodying the energy you want to bring to your birth, and part of our attention turns to parenthood. The 6 Tenets now sit firmly within you and we focus on rising to meet motherhood with all of your unique gifts and glory.

FINANCIALS

Antenatal and Postnatal Visits -
\$150 a visit
Birth Plan Visit - \$350

Medicare Rebates are available

My relaxed antenatal and postnatal visits take place in the comfort of your own home at a time that is convenient for you.

-

Initially, I recommend visits every four weeks, shortening to fortnightly, then weekly as your pregnancy progresses. These intervals allow us to develop a trusting relationship and for me to embrace what is normal for you and your baby.

-

Postnatally, I recommend a minimum of three visits, in addition to our 6 week appointment where we close off our professional relationship.
